Cable Organizers
 Horizontal

Cable Organizer 5 Rings XL
 1U - Ref. 40053

Characteristics

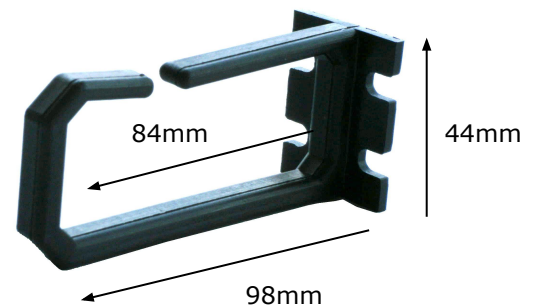

Horizontal cable organizer with 5 XL nylon rings. Designed for organization of large diameter patchcords such as Cat6A, or to support a higher density of Cat3 , Cat5e or Cat6 patching, specially in voice panels.

Rings in nylon and fiberglass for higher strength and flexibility, not damaging the cables. The depth available for cable organization is 84mm.

The necessary depth for rack installation is 100mm.
