Cable Organizers
Vertical

Vertical Cable Organizers f/Racks 800mm
Ref. 40086

Characteristics

Vertical cable organizer for routing patch cables in 800mm width racks.

Made of thermoplastic material with high flexibility and resistance, ensuring the cables protection.

Simplified installation, using the holes in the 19" mounting frames.

Each ring has 4 holes spaced at 25mm (horizontally and vertically), allowing their use in 19" racks of several manufacturers.

Available in packs of 10 rings
