Cable Organizers  
Horizontal

Cable Organizer 1U 5 rings +  
4 openings with brush- Ref. 40260

## Characteristics

Horizontal cable organizer with 5 nylon and fiberglass rings and 4 openings with brush that gives a clean and tidy appearance to the product and reduces dust entry.

Focused on the organization of patching strings of larger diameters, such as Cat6A, or to support a higher density of Cat3, Cat5e or Cat6, especially in voice panels.

Rings made of Nylon and fiberglass for greater strength and flexibility, not damaging the cables.

Cables organization is 38mm.

Depth required for rack installation is 100mm.

## Specifications
